

JESSICA

The Jessica range is a made to measure project dedicated to tablecloths. Two different fabrics, cotton and linen, are presented with two borders that suit the mood of each fabric.

The linen crepe is combined with a classic à jour border, and it is available in White or Ivory to enhance the natural beauty of this fabric. The coordinated napkins can be ordered in a minimum of six pieces.

The cotton satin has a high thread count (490) to guarantee a shiny luxurious effect. The double border can be tone-on-tone or in contrast with the tablecloth, available in White, Ivory or Pearl. The coordinated napkins, without border, can be ordered in a minimum of six pieces.
