

CLUB

FINISHES

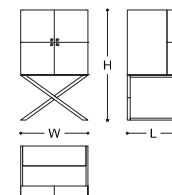

GREY LIZARD EFFECT LEATHER /
SATIN BLACK NICKEL

The design of Club takes inspiration from vintage travel furniture featuring x-shaped legs. This cocktail cabinet features container doors for the storage of glasses. The interior in bronze lacquer holds a lower pull-out shelf in technical fabric top covered by an extralight transparent tempered glass (5 mm thick) for the preparation of drinks, a fold-out top for service and three lacquered drawers: one for cocktail utensils, one to store the ice bucket and the last for bottles.

MADE IN ITALY.
