

# JAZZ

Lifted off the ground by thin metal supports, Jazz is a bar cabinet marked by unique details. One version features a metal *tsuba* handle and doors in Bronze Twisted Texture Lacquer, while the other has doors finished with a patchwork of three different materials recreating the same design of Mumbai fabric. The internal of the unit is equipped with two shelves, a central worktop and led lights adjustable with a remote control. A drawer and a pull-out tray are placed underneath the central worktop. The back of the doors is equipped with short shelves conceived to store glassware. **MADE IN ITALY.**
