NOTES / LIMITATIONS ON FABRICS

Please note that different uses from what indicated might be possible, but are subject to a preliminary approval for technical or aesthetic reasons.

DUBOIS (TC064)

This bi-elastic fabric can be used on the Baloon, Esther and Margot ranges only.

GABY (TB058)

This fabric is reversible. The standard use shows the matt side, while the reverse use shows the shiny side and must be specifically requested.

GAVI (TD055)

Due to its characteristics, we suggest not using this fabric for products featuring the piping on the edges.

GENT (TB056)

Due to the wide repeat, this fabric is normally used without combining the design close to seams/joints. If desired, the continuity of the design must be specifically requested and will receive a dedicated quotation due to the higher consumption of the fabric itself.

GRUMELLO (TD056)

Due to its characteristics, we suggest not using this fabric for products featuring the piping on the edges.

GSTAD (TD088)

This bi-elastic fabric can be used on the Baloon, Esther and Margot ranges only.

HONOLULU (TD060)

Due to the large design, this fabric is not available on small cushions. Due to the high consumption, products with this fabric are subject to preliminary verification and will receive a dedicated quotation.

JAKARTA (TE021)

Due to the large design, this fabric is available on decorative cushions only.

LAFAYETTE (TS076)

Due to the large design, this fabric is available on the Dalia and Lawrence ranges only, as well as decorative cushions.

LARISSA (TD070)

Due to the large design, this fabric is available on the Hector (chaise-longue) and the Levante ranges only, as well as decorative cushions.

LISBON (TC097)

LEEDS (TS077)

This fabric is available on the Dalia and Hector ranges only, as well as decorative cushions. All products upholstered with this fabric feature a gros-grain piping in tone-on-tone or contrasted colours.
