

## HOLLYWOOD

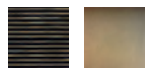

Hollywood is a table lamp with a base in Grey Sea Penshell with two shapes of lampshade. One option is a cylinder with shell print on fabric (the same design pattern of Faust wallcovering). The second option is a truncated pyramid with rounded angles, in white or sand colour. All versions come with a top diffuser plate. On the bottom, the base is closed by a plate in pale gold. The Grey Sea Penshell finish comes from Indonesia, while the rest of the lamp is made and assembled in Italy.  
MADE IN ITALY.

## HYADES

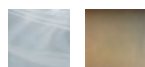

Hyades is inspired by the shape of the classical lanterns from the Far East and it is completely hand made following the ancient techniques of Murano glassmaking. The glass shade is produced by a traditional process in the furnace, where a series of coloured glass rods are fused on a mass that is superimposed on an internal layer of white opal glass in order to create a series of veins similar to those of marble. After the tempering process the glass it is passed by a band to obtain the matt finish.  
MADE IN ITALY.
