

MIYA

Lamps inspired to the soft atmospheres of the Armani Privé club in Milan. All versions feature an iconic lamellar cube that filters light in a very cozy and luxurious way. The table version is dimmable and made in wood for what concerns the base and the lamellar structure, while vertical bars and other details are in metal. All wooden layers are painted in gold on the bottom, to increase the warm tone of the light. The small version, instead, is in greige painted wood and has a LED working with a battery device. MADE IN ITALY.
