

GREAT

The low table Great is made of extruded aluminium, veneered with a wooden finishing. The result is a very minimal design on a very elegant and sophisticated product. The top is only 1 cm thin and has rounded edges, while the legs are curved and rounded starting from a triangular shape. Even in big dimensions, Great is very resistant thanks to its innovative aluminium structure, which makes these tables also unexpectedly light. MADE IN ITALY.

JINGO

Coffee table inspired by the Jingo range of dining ones. This iconic piece is presented in a different height without losing its defining traits, like the precious round top and the four legs with triangular section. The coffee table features a marvelous top in Emerald Green Quartzite. Differently from the dining table, this version does not have any metal profile on the top and the legs. MADE IN ITALY.
