

# ELISEO

Eliseo can be used as a dining table but also as an executive office desk. Its look recalls the cubist language with a compact and monolithic design. Eliseo is available in a fixed version and in an extendable one featuring two 80 cm - inch 31.5 extensions that are fixed with the use of pivots, put into designed slots beneath the table top and secured with screw-in knobs. The table can be completely disassembled in order to make transport easier. MADE IN ITALY.
