

HECTOR

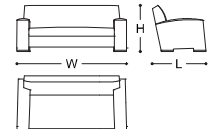

The high degree of comfort of this sofa is given by the frame, made of paperlined steel supports, and the coil springs, tied manually to each other with the aim of having them work simultaneously. This traditional manufacturing technique enables the homogenous adaptation of the padding. Hector can be upholstered with all suitable Armani/Casa fabrics or Soft Leathers in collection, but also with all Cavallino Leathers. Visible feet in Macassar Ebony. The range includes also an armchair. MADE IN ITALY.
