

ENGADIN

In addition to the daybed, the Engadin range offers also a modular system. The Engadin range is available only with armrests and seat cushions of one width, 25 cm and 80 cm respectively. All elements can be combined in a variety of ways to satisfy all needs. The structure of the seats is slightly tilted and includes springs and a steel frame. The seats cushions are filled with feathers and have a central foam rubber element, while the backrest cushions are filled only with feathers for greater comfort. The distinctive feature of Engadin is the iconic radial shape of the armrest, which runs along the entire outer edge on the sofa becoming its backrest. The sofa can be entirely upholstered with all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.
