

MADE TO MEASURE HOME TEXTILE - JESSICA

Jessica range is a made to measure project for tablecloths. Two different qualities, cotton satin and linen, are presented with two different finishes (borders) that suit the character of each fabric. The linen crepe fabric is combined to a classic à jour finishing on the tablecloth. Two natural tones, White and Ivory, enhance the natural beauty of the linen. The linen napkin has an à jour finish as well and can be ordered in the same two colours with a minimum of six napkins. The cotton satin fabric has a very high thread count (490) to guarantee the most shiny and precious effect to this tablecloth. The tablecloth features a double border made in the same quality fabric. The colour of the border can be the same of the tablecloth or contrasting, choosing amongst these three selected colours; White, Ivory or Pearl. The cotton napkin has no border (mono colour) and it can be ordered in the same colour of the tablecloth or of the tablecloth border (minimum order of six napkins). Made in Italy.

Made to measure tablecloth. See suggested sizes on pricelist.
